

WISE™

EXTENDER / STICKER

PRINCIPLE FUNCTIONING AGENTS:

Beta-Pinene Polymer	96.0%
Constituents ineffective as spray adjuvant	4.0%
TOTAL	100.0%

All requirements are exempt from tolerance requirements under 40 CFR 180.1001 (d).

WISE contains a UV inhibitor to protect crop foliage from sunlight damage.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Wash thoroughly with soap and water after handling. NOTE: Read and follow all label directions and cautions on all products used.

GENERAL INFORMATION

WISE is a quality sticking agent intended for use with most crop protection products in which the label permits the use of a spreader sticker. WISE is compatible in spray solutions with most commercial crop protection and foliar feed micronutrients. A thin coating of WISE solution bonds the pesticide to the crop foliage. This decreases the risk of residue erosion from rainfall or irrigation.

DIRECTIONS FOR USE

Add WISE to the spray tank as it is filling, with the agitator running. Under most circumstances, apply solution with WISE a minimum of one hour, during sun up, before an expected rainfall. Sunlight during this time frame is necessary to adhere the bond. **This Product Cannot Be Used For Aquatic Applications.**

Use of WISE with tolerance exempt pesticides near or at harvest might produce visible residue. This condition may render the crop(s) unsaleable. If this is a potential problem the WISE rate may be reduced, or the addition of WISE should be suspended at or near harvest. WISE has NO LIMITATIONS on non-food crops.

DOSAGE CHART

FOR USE WITH	PER ACRE	FOR USE WITH	
Insecticides	4-6 oz.	Air Blast Sprayers	4-6 oz./100gl. Solution
Fungicides	4-6 oz.	Free Sprayers	4-6 oz./100gl. Solution
Hormonal Herbicides	4-6 oz.	Hydraulic Gun Sprayers	4-6 oz./100gl. Solution
Foliar Nutrient Sprays	4 oz.	Aircraft Sprayers	4-6 oz./Acre
Roundup® (Glyphosate)	4-6 oz.		

Roundup® is a registered trademark of Monsanto.

FIRST AID

If Swallowed: Call a Poison Control Center or Doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or Doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or Doctor for further treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or Doctor for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or Doctor for treatment advice.

***Have the Product Container or Label with you when calling a Poison Control Center or Doctor, or go in for Treatment.**

STORAGE AND DISPOSAL

Use personal protective equipment. Keep in original container. Store above 32°F. Before disposing of container, triple rinse, then offer container for recycling or reconditioning, or puncture and dispose of in a sanitary landfill. Do not reuse empty container. Dispose of container in a safe manner in accordance with federal, state, and local regulations.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk or any such use.
