

Cotton Kick-R

2-0-20 an enhanced nitrogen and potassium solution

BENEFITS OF SUPPLEMENTAL NITROGEN & POTASSIUM IN COTTON CROPS

TRICARD COTTON KICK-R is a high analysis liquid blend of nitrogen & potassium carbonate solution. TRICARD COTTON KICK-R is ideal for boll filling and to increase disease resistance in plants. Cotton plants with good levels of nitrogen & potassium are more tolerant of moisture stress.

TRICARD COTTON KICK-R provides supplemental nitrogen which is critical for proper growth and development during the growing season. TRICARD COTTON KICK-R provides potassium which is vital to photosynthesis in cotton plants and is important in the breakdown of carbohydrates. This process provides energy for plant growth and is essential for boll formation and maturity.

MANUFACTURED FOR:
TRIANGLE CHEMICAL COMPANY
MACON, GEORGIA
KINSTON, NC

GUARANTEED ANALYSIS

Total Nitrogen(N).....2.0%
2% Water Soluble Organic Nitrogen
Soluble Potash (K2O).....20.0%
Derived from Urea and potassium carbonate
Maximum chlorine content 0.01%
Wt/Gal: 11.05 @ 68F

Wt/Gal: 10.90 Lb @68F

Gr/Ltr:1306 g.@ 20C

APPLICATION

Apply TRICARD COTTON KICK-R at 1 to 4 quarts per acre each application. Application of 1- 2 quarts per acre are adequate for maintenance of supplemental nitrogen and potassium. Higher rates can be utilized when deficiencies occur. Field, vegetable and row crops apply 1-4 quarts per acre.

TRICARD COTTON KICK-R may be mixed with most pesticides, however, it is always advisable to perform a simple jar test before mixing. Do not mix TRICARD COTTON KICK-R with non-chelated nutrients such as calcium, copper, manganese, magnesium, iron or zinc compounds. Do not mix with sulfate or chloride salts or with spray oils.

CAUTION

Avoid applying TRICARD COTTON KICK-R if the crop is under heavy stress from pests, drought or in excessive heat.

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS

WARNING Hazardous to humans and animals. Causes eye and skin irritations. Ingestion may cause nausea, vomiting, acidosis and shock. When mixing or applying agricultural sprays, always wear spray goggles and impervious gloves plus protective clothing as recommended on pesticide labels.

FIRST AID

If this product gets into the eyes, immediately wash the eyes with large amounts of water for at least 15 minutes, occasionally lifting the upper and lower lids. Obtain immediate medical treatment. If this product gets on the skin, immediately wash the contaminated area. Seek medical attention if skin irritation persists. If this product has been swallowed and the person is conscious, immediately give large volumes of water. Do not induce vomiting. Seek immediate medical attention.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Rinse container. Empty rinsate into spray tank. Dispose of empty container according to approved local practices. Contact county agricultural commissioner for disposal information.

CONDITIONS OF SALE

Follow directions carefully. Timing and methods of applications, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
